

JUDGE WESCOTT ATTACKS FRAUD

Tells Local Democrats of the
Need For Honest Elec-
tion.

Election frauds and dishonest elec-
tion practices were the burden of
the address of Judge J. W. Wescott
when he spoke at the Grand theatre
Saturday night at the special Wilson
day celebration. Judge Wescott did
not arrive in the city until late Sat-
urday evening and had evidently not
consulted with the local Democratic
leaders before making his address.

He strongly emphasized the need
for honest and fair elections and stated
that this one of his friend Wood-
row Wilson pet policies and that if
Woodrow was re-elected this matter
would be one of the first that would
be taken up by the President. Just
what would be done about the matter
he did not say, but judging from the
strong hints handed out in his talk
Judge Wescott probably thinks the
President should write a note to the
Marion county Democratic leaders.

A good crowd turned out to hear
the Judge and he made a splendid
speech true to form and filled with fine
recommending words that highly pleased
those present. He told what a good
President Woodrow Wilson has been
and how he kept us from war and all
the other arguments that the Demo-
crats think are reasons why Wilson
should be re-elected.

His speech was interrupted many
times by ill-timed applause from the
rear of the house where some persons
had become too enthusiastic. Every
few minutes one or more of these per-
sons would break forth with their
hoarse thick cries of "Woody!
Woody! We want Woody!" much to
the annoyance of those at the speak-
er's table.

The band hired by the local Wilson
club played on the sidewalk in front
of the club rooms on Main street for
more than half an hour before the
meeting began at the theatre. Edwin
Watson, president of the local club,
amused the audience, before Judge
Wescott made his address, with a
short speech and the reading of the
long Wilson note written for the Wil-
son day celebrations.

MRS. MARY SLATER FUNERAL TODAY

Aged Woman Was Native
of England—Came Ov-
er in 1879.

Funeral services over the body of
Mrs. Mary Slater, widow of John Sla-
ter, whose death occurred on Satur-
day evening at seven o'clock at Cook
hospital, were held this afternoon at
2:30 o'clock from the residence of her
daughter, Mrs. J. A. Swiger, on Maple
avenue. Impressive services were con-
ducted by Rev. B. M. Mitchell, pastor
of the First M. P. church, of which the
deceased was a member, assisted by
Rev. Isaac Barnes. Following the ser-
vices the body was conveyed to Maple
Grove cemetery, where it was laid to
rest.

Mrs. Slater was aged 81 years and
her death occurred after an illness ex-
tending over a period of several years.
About a week ago she took a decided
turn for the worse and was removed
to the hospital where her death oc-
curred on Saturday. She was a na-
tive of England having been born in
Dudley, Eng., in the year 1835. With
her husband and seven children she
came to this country in 1879 and had
since been a resident of the United
States. Her husband preceded her to
the grave nine years ago. The sur-
viving children are Mrs. Alex Harley,
of Tucker station; Mrs. George Pearce,
of Bridgeport, Conn., and Mrs. J. A.
Swiger, of Fairmont. Mrs. Pearce ar-
rived here yesterday from her home
called by her mother's illness.

The deceased was possessed of many
excellent qualities which had en-
deared her to a wide circle of friends.
She was a consistent member of the
M. P. denomination. The funeral was
in charge of Undertaker Eli Musgrave
and Son.

INDUSTRIAL FAIRMONT

"The East Side is developing sur-
prisingly in proportion to the other
sections of the city," says Fred Mc-
Intire, manager of the Marion Plan-
ing Mill in the First ward. "Building
activities are excellent this fall and
this company is kept on the jump to
keep up with demands for home mak-
ing material."

A coal producer station, costing ap-
proximately \$300,000 and capable of
supplying all the gas necessary for the
operation of the Owens Bottle Works,
may be built by that company. With
such a plant the company would be as-
sured of gas for their fires at all times
and there would be no delay incident
to a shortage when domestic consump-
tion makes a conservation of the city's
supply necessary. The proximity of
gas coal would make it possible for the
company to manufacture gas cheaper,
possibly, than it can now be secured.
The project is now under considera-
tion by the Owens company officials
and has also been taken up by a com-
mittee of the Fairmont Development
organization.

Five thousand stogies a day are be-
ing turned out at the First ward plant
of the Fairmont Stogie factory and
even then the plant is more than 200,
000 stogies behind their orders. Hand
work exclusively is employed at the
factory and a high quality stogie is
manufactured.

Twenty-two thousand dozen bottles
a week are being turned out each week
at the plant of the Owens Bottle
Works. Just now is the usual slack
season for the Owens company, al-
though they are turning out as much
ware as has been made at times when
they were doing their best.

Red Cross Tea.

The local chapter of the Red Cross
Society held a membership tea on Sat-
urday afternoon from four until six
o'clock at the home of Mrs. Walter
Stockley on West End boulevard. The
event was arranged for members of
the organization and new members, a
number of which were added to the
membership roll as a result of the can-
vass completed yesterday. The event
was one of attractive appointments
and was attended by a number of
guests.

By Being Constantly Supplied With
Thedford's Black-Draught.

McDuff, Va.—"I suffered for several
years," says Mrs. J. B. Whittaker, of
this place, "with sick headache, and
stomach trouble."

Ten years ago a friend told me to try
Thedford's Black-Draught, which I did,
and I found it to be the best family medi-
cine for young and old.

I keep Black-Draught on hand all the
time now, and when my children feel a
little bad, they ask me for a dose, and it
does them more good than any medicine
they ever tried.

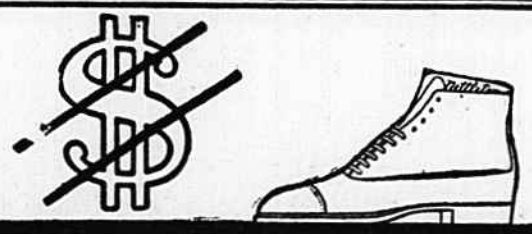

We never have a long spell of sick-
ness in our family, since we commenced
using Black-Draught.

Thedford's Black-Draught is purely
vegetable, and has been found to regu-
late weak stomachs, aid digestion, re-
lieve indigestion, colic, wind, nausea,
headache, sick stomach, and similar
symptoms.

It has been in constant use for more
than 70 years, and has benefited more
than a million people.
